

Radiance™

Gum Remover

DESCRIPTION

This product makes it easy to remove chewing gum, candle wax, putty and other gummy substances from most surfaces. By freezing the substance to approximately -40°F, the chewing gum can then be cracked off for a fast and easy removal. No staining or chemical residue is left behind.

DIRECTIONS

First remove all material possible with a scraper or dull knife. Then hold extender tube about 2 inches from substance and spray with a 5 to 10 second blast. While material is hard and brittle, scrape rapidly with dull knife or scraper; repeat as necessary.

FIRST AID

INGESTION: Do not induce vomiting. Call physician or poison control center immediately.

EYE CONTACT: Flush with water for at least 15 minutes. Get immediate medical attention.

SKIN CONTACT: Wash with soap and water. If irritation develops, get medical attention.

INHALATION: Move to fresh air. Get medical attention if irritation or other symptoms develop and persist.

KEEP OUT OF REACH OF CHILDREN.

APPLICATIONS

- Freeze and hardens gum
- Removes candle wax, putty and other gummy substances

BENEFITS

- Leaves no residue
- Pleasant cherry scent
- Use with or without extender tube

SPECIFICATIONS

Color: colorless
Fragrance: cherry
pH: n/a
