

Radiance™

Complete One

DESCRIPTION

This super concentrated stripper combines powerful solvents and wetting agents to completely strip even the toughest floor. No need for expensive floor machines or excessive scrubbing. This powerful formula will save you time and money!

DIRECTIONS

Dilute stripper with cold water at the following recommendations:

FOR HEAVY COATING REMOVAL: Use a dilution ratio of 1:20 (6.4 US oz per gallon/ 50 ml per 1 liter water).

NORMAL COATING REMOVAL: Use a dilution ratio of 1:30 (4.3 US oz per gallon / 34 ml per 1 liter water).

LIGHT COATING REMOVAL: Use a dilution ratio of 1:40 (3.2 US oz per gallon/ 25 ml per 1 liter water).

Apply diluted product solution liberally to the floor and allow to soak for 10 minutes. Do NOT allow solution to dry on floor. Scrub floor with and automatic scrubber or stripping machine. Use an automatic scrubber or wet vac to pick up dirty solution. Rinse thoroughly and detail mop floor with clean water and and a clean mop. Allow the floor to dry completely before applying any finish.

Note: Test floor for color fastness in an inconspicuous area. Floors may become very slippery. Wear appropriate non-slip safety shoes. This product should not be used in contact with wood, rubber, painted surfaces or on asphalt or asbestos tile.

KEEP FROM FREEZING.

APPLICATIONS

For floors in:

- Schools & institutional facilities
- Health care facilities
- Office buildings

BENEFITS

- Super concentrated
- Powerful solvents

SPECIFICATIONS

Color Dark Green
Fragrance None
pH Range 12.0 - 12.5
Dilution 3.2 - 6.4 oz. / 1 gal.
Density 8.17
